ELIS SEIS - TOC - Site Screening (19Dec13).doc  
SEIS ELIS - Team Mtg 04 19Dec13 - Minutes (Draft)(20Dec13).doc

Joe,

I quickly went through my emails and it looks like

From September to October The TOC, Lit report and data gap report were sent and comments were provided, comentns blah ,, and we had 2 calls in December to go over comments.

December – February I supplied information to Jim at his request for his pricing for the new scope.

On February 10<sup>th</sup> – you sent an email to Jim stating that you received invoices but have NOT received deliverables and I sent an email that I would not be commenting on anything until you and Joe had discussed and worked out the contractual issues.

On February 28<sup>th</sup> Jim asked me for input on the format for data?

Not sure what he meant. Everything was at a stop at that point

Hi Jeannie, George, Joe,

Please see attached the following (both documents reviewed by Jim):

1. Minutes of the conference call yesterday
2. TOC for the report for *Screening for Alternative Sites*, designed for selecting the preferred alternatives. I changed the title as discussed. Next week, I will annotate this outline in more detail, **Ex. 5 - Deliberative Process**

Also, as to follow-up, the latest version of the 'main' Data Gap report **Ex. 5 - Deliberative Process** is available on Sharepoint in the folder for **Ex. 5 - Deliberative Process** Task 2. (It is too large to email: WORD version: 29mB; pdf version 12 mB.) Please advise if you have any specific comments on the report to-date (aside from the comments on the summary section sent by Jeannie a few months ago). Thanks!

*Have a wonderful Holiday week!*

Bernward.
